

# FIESTA® EXPANDABLE

STRENGTH • VERSATILITY • HIGHER RETURN ON INVESTMENT

## FIESTA EXPANDABLE BY ANCHOR – THE TENT THAT STARTED IT ALL

The Fiesta Expandable affords you extraordinary flexibility with innovative frame extensions and tops that can be laced together for expansion. Expand to fit the demand! With the same tough construction as the one-piece Fiesta, make a small inventory suddenly larger for more seating, dancing, and entertainment that is unobstructed by center poles.

*“Fiesta Tents are far and away our most profitable rental item. The parts are interchangeable and we get great service from Anchor to support our inventory. Almost half of our total party rental inventory – including tents, chairs, lighting, accessories, and other tent products – is made up of Fiesta Tents.”*
